Why am I receiving this cart?

In an effort to keep the community clean and create more efficient collection routes, Graichen Disposal & Recycling is moving to automated garbage collection in the City of New London, using a new garbage cart. The carts are designed to easily roll to the street or road. The Automated collection system increases the level of safety for route drivers and the wheeled cart makes getting your garbage to the curb easier.

What should I do if my garbage does not fit in my cart?

All garbage must fit inside the cart with the lid closed. If you have more garbage than what will fit, you should:

- ❖ Save it for your next collection day.
- ❖ Contact the office to make arrangements for extra pick-up at **920-982-4116**.

How do I set my cart out on collection day?

Place your cart curbside before 6am on your day of collection, with the cart's handle facing your house and the lid opening toward the street. Make sure there is at least four feet between the recycling and trash carts, and any other objects, such as a parked car or mailbox.

NOTE: If your cart is out late, you must wait until your next scheduled pick-up.

What if there is a snow bank?

In the case of snow, if your cart will not fit in your driveway opening, then you will need to clear an opening in the snow bank where the cart can be properly placed. Carts cannot be placed on top of the snow bank or in the road. Improperly placed carts will not be collected.

What if my cart is damaged or needs repair?

If your cart is damaged or in need of repair as a result of normal wear and tear (e.g. broken lid, wheel, cracked cart, etc.), contact Graichen Disposal & Recycling at **920-982-4116**.

Can I take my cart with me if I move?

NO. Carts are property of Graichen Disposal and Recycling.

Each cart is numbered and registered to the address where it was delivered.

If I still have questions, who can I contact?

Please contact Graichen Disposal and Recycling at **920-982-4116**.
